ITALIAN TRADE AGENCY

# ITALIAN TRADE AGENCY - ITA

ITALIAN TRADE AGENCY

TRADE AND INVESTMENT

OPEN DOORS TO WORLD  
OF OPPORTUNITIES

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy. With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multichannel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

## Find Your Italian Partner

ITA - Italian Trade Agency supports the business development of Italian companies abroad, increases business opportunities, improves the image of 'Made in Italy', promotes industrial collaboration and foreign investment in Italy. Find your Italian partner is a business directory with virtual showcases of Made in Italy companies. We offer you an overview of Italian businesses, including company profiles, products images and details, website, business proposals and contact information. Foreign companies or agent interested in Italian products or looking for partnership with Italian companies, can access the database with the profiles, searchable by sector or product, and find a business partner.

# Federazione ANIE

Federazione ANIE, member of Confindustria, represents the Electrical Engineering and Electronic companies operating in Italy.

With over 1,100 member companies, the ANIE system supplies technologies for public and private infrastructures in strategic markets such as energy, industry, building, infrastructures and transports.

Electrical Engineering and Electronic technologies represent the heart of the twin transition – green and digital. They are drivers of innovation and are essential for the modernization of existing infrastructure.

## ANIE INDUSTRY FIGURES FOR 2023:

- 103 billion Euros of total turnover
- 420,000 employees
- 4% intra-mural R&D expenditure on total turnover

# ANIMA Confindustria Meccanica Varia

ANIMA Confindustria - Federation of Italian Associations of Mechanical and Engineering Industries, represents within Confindustria companies of mechanical sector, which employs 222.000 employees, with 55,54 billion Euro production and 57,8% export share (estimates 2023). Established in 1914, ANIMA numbers 34 associations and 1,000 companies, highly qualified in their sectors.

Macrosectors and technologies represented:

- ENERGY GENERATION, CHEMICAL, OIL & GAS TECHNOLOGIES

Machinery and Plants

- BUILDING TECHNOLOGIES

Plants and Construction

- LOGISTICS TECHNOLOGIES

Systems and machinery for Lifting, Elevation and Handling

- FOOD TECHNOLOGIES

Plants, Technology and Products for Food Industry

- SAFETY, SECURITY & ENVIRONMENT

Environmental & Personal Protection, Firefighting & Safety

- INDUSTRY

Plants, Components and Products for Industry

ANIMA safeguards interests of the mechanical industry, represents and promotes member-companies and their products in Italy and abroad, supports members both in technical and economic issues.

The companies joining ANIMA are strongly committed to promoting the energy transition in their business and production processes. A working group dedicated to research and application of Hydrogen and Nuclear for Energy Production is also active within the Federation.

# BULK SRL

Stand No. 1160 - 28

"Customer satisfaction" here in BULK is not just a slogan.

Since 1999 our team is supporting every day our customers and suppliers to obtain the highest standard of quality and lead time respect.

Currently BULK is exporting to 65 countries worldwide serving small, medium and large customers in Oil & Gas, Petrochemical and Power generation industries.

Our engineering department is using state of the art 3D software to generate tailored products which can fit almost all applications.

Many years of deep experience, widespread knowledge of the whole team, different tests and certificates allow us to find dedicated solutions to share with clients.

We are manufacturer of:

- GRP Instrument Enclosures
- GRP Instrument sunshades
- Instrument manifolds
- Compression fittings

# LA MECCANICA PADANA SRL

Stand No. 1160 - 16

La Meccanica Padana, since 1954, is located in Northern Italy. We are a manufacturer of mechanical components, mainly for Oil & Gas, Petrochemical and Power Energy industries and, recently, for Aerospace Industry.

By taking care of the complete manufacturing process, it's specialized in manufacturing of complex parts, forged fittings and strainers, in all materials.

#### PRODUCTION RANGE:

- Spectacle blind, spacer ring, paddle blind, drip ring in all type of dimensions and standard or exotic materials. We can perform Cladding & Weld Overlay.
- Flanges and Forged fittings on drawings in exotic materials:
- Forged Fittings in Urea material for the Fertilizers Industry (Ex: Saipem TB5002)
- Special pieces with calculations: Orifice Plates, Venturis, Pad Flanges, Injection Quills, Welded Assemblies & Equipment.
- Carbamate Mixers & Ejectors

Please also note that we have established and now it's operative a new manufacturing facility in Saudi Arabia in Dammam 2nd Industrial Area.

# WSENSE SRL

Stand No. 1160 - 26

Imagine constantly monitoring any offshore asset and underwater surroundings without cables.

WSense's Internet of Underwater Things (IoUT), allows real time data gathering from the water column populating digital twins of offshore assets like ports, oil & gas facilities and pipelines.

WSense deploys any sensor wirelessly to support operations like AUV localization and real time asset integrity monitoring for inspection, maintenance and repair
