10. **SELECTION CRITERIA**

The contract will be awarded through a negotiated procedure pursuant to art. 7 par. 2 letter b and art. 11 of Decree of the Ministry of Foreign Affairs 192 of November 2, 2017.

ITA has the authority not to award the contract, if it deems it appropriate to exercise the right of self-protection and if it finds that the bids received do not comply with the technical and financial contents set forth herein.

Bidding firms will be selected based on the most convenient economic offer criteria, with a procedure awarding a total maximum score of 100 points to the offers according to the following chart:

A) QUALITY OF THE TECHNICAL OFFER – MAX 70 POINTS TOTAL SCORE, ACCORDING TO THE FOLLOWING EVALUATION CRITERIA:

Criteria		MAX Score (70 points total)
1)	Proven track record of multiple years of experience in the innovation sector	20
2)	Technical report of the services offered, according to the art. 3 and 4	20
3)	Professional background of the project manager dedicated to the desk	30

The score for the technical offer will be calculated by multiplying the average of the votes expressed on a scale from 0 to 1 (see table below) by the maximum score that can be attributed (maximum 70 points).

CONVERSION TABLE

QUALITATIVE EVALUATION ON THE ABOVE PARAMETERS CORRESPONDING NUMERICAL VOTE

Excellent	1.00
Very good	0.90
Good	0.80
Sufficient	0.65
Modest	0.55
Inadequate	0

The evaluating commission, having completed the attribution of the coefficients to the qualitative elements, will proceed, in relation to each offer, to calculate the score after applying the following formula indicated as the aggregative-compensating method in paragraph VI, no. 1 of the Italian ANAC guidelines n. 2/2016.

The score is given by the following formula:

$$P_i = \sum_n [W_i * V_{ai}]$$

Where:

P_i = score of the i -th offer;

n = total number of requirements

W_i = weight or score attributed to requirement (i);

V_{ai} = coefficient of performance of the offer (a) with respect to the requirement (i) variable between zero and one.

B) ECONOMIC OFFER (MONTHLY PRICE)– MAX 30 POINTS TOTAL SCORE

Only bids that discount off the maximum price of USD 155,000.00 (one hundred and fifty-five thousand dollars) yearly will be considered.

As for the economic offer, a coefficient, variable from zero to one, is attributed to the economic element, calculated using the formula of the linear interpolation:

$$C_i = R_a / R_{max}$$

Where:

C_i = coefficient attributed to the i -th competitor;

R_a = percentage reduction of the offer of the i -th competitor;

R_{max} = percentage reduction of the cheapest offer.

In practical terms:

The score of the economic offer will then be calculated by multiplying the maximum attributable score (30 points) by the coefficient “ C_i ” obtained by the individual candidate.

Abnormally low bids Low tenders are considered 'abnormal' if the scores relating to the price and to the other elements being assessed are both at least equal to or higher than four fifths of the maximum score that can be attributed. Should this condition occur, ITA shall carry out the necessary checks as provided for by the Italian Procurement Code.

11. EVALUATION PROCESS AND AWARDDING PROCEDURE

The calendar for the opening of the envelopes will be the following:

- Public Session, March 1st, 2022, at 11:00 am: opening of the offers.

Due to the current restrictions related to the COVID19 pandemic, the public session attendance of the bidding companies will be granted through a video meeting Google Meet link. The link and more details will be communicated, via email to the email address provided for communications.

It will be ascertained whether the envelopes contain envelope A "Administrative Documentation", envelope B "Technical Offer" and envelope C "Economic Offer".

During the same session, the content of envelope A "Administrative Documentation" will be checked and reviewed. Any incomplete, irregular or incorrect contents in envelope A "Administrative Documentation" will be ascertained and notified to the applicable bidder.

The applicable bidder will be given a reasonable period of time - not exceeding 10 days – for making, integrating or regularizing the required declarations, indicating the content and the persons who are called to provide them. In the event that the documents or declarations submitted by the bidder are not fully compliant with the request, ITA may ask for further explanation or clarification, by establishing a mandatory deadline under penalty of exclusion.

In the event that the deadline lapses without full compliance by the bidder, ICE shall proceed to the exclusion of the bidder from the procedure.

The bidder, if necessary, may be required to provide clarifications on the contents of certificates, documents and declarations submitted.

In case the administrative documentation complies with the requirements of the tender, **the Commission will proceed with the opening of envelope B "Technical Offer"**, to verify its compliance with the requirements of the tender.

After opening the administrative envelopes, **the Committee, in a restricted session, will review and evaluate the content of Envelope B "Technical Offer"**. Participating economic operators will not be allowed to attend this session.

Any Technical Offer not in line with the requirements set forth by Articles 3 and 5 shall disqualify the bidder from the tender.

The Selection Committee consists of members appointed by the Trade Commissioner of ITA Los Angeles Office, who is the sole person in-charge of the administrative procedures related to the ITA Los Angeles office general activities. The Selection Committee will decide at its discretion and without right of appeal.

The Committee will meet in one or more closed sessions to review and evaluate the content of envelope "B – Technical Offer", assigning a score to each item up to a total of 70. Bidders that fail to reach at least a total of 35 will not be admitted to the third phase concerning the evaluation of the Economic Offer.

The Committee will meet again in the next public session, as follows:

- **Public Session, date to be defined and communicated by email:** opening and checking of envelope C "Economic Offer".
A score will be assigned to each bid and results will be put on record.

The bidder with the highest overall score (which is the sum of all partial scores based on each criterion) will be the successful bidder.

At the end of the session, after opening all the "Economic Offer" bids, a final list will be compiled and the provisional winning company declared, subject to the submission of all requested documentation.

ITA will formally communicate the result of the tender to the successful bidder, asking them to provide:
the documentation proving compliance with the established requirements to participate in the bid; and the documentation that is necessary to sign the Contract.

Notice: The Contracting Authority has the authority to award the contract even if only one bid has been submitted, provided it is deemed valid and worth accepting. Moreover, ITA has the authority not to award the contract, if it deems it appropriate to exercise the right of self-protection and if it finds that the bids received do not comply with the technical and financial contents set forth herein. In the event of a tie, the companies with identical scores will be called for a draw in open session. No compensation or reimbursement of expenses will accrue to the invited bidder because of the submission of the bid.

12. SECURITY DEPOSIT

The **Awarded Service Provider** of the bid **must submit a performance surety bond or a non-transferable cashier's check** that amounts to 10% of the contract value before signing the agreement. The expenses to obtain the performance surety bond shall be the responsibility of the bidder.
